

# RAJEEV DIXIT

Engineering Manager | Driving Growth & Scalability

## PROFESSIONAL SUMMARY

- Dynamic **Engineering Manager with over 10 years of experience** in aligning cutting-edge technology with business goals.
- Renowned for transforming complex requirements into actionable strategies and leading high-performing teams to deliver scalable, customer-centric solutions.
- Adept in implementing methodologies that drive outstanding business outcomes, ensuring system integration and continuous delivery to propel business growth.

## EXPERIENCE

### Truworth Wellness, Jaipur — *Engineering Manager*

Health & Wellness Platform | OCTOBER 2024 - CURRENT

- Led initiatives to enhance developer and productivity tools, boosting team efficiency at Truworth Wellness.
- Implemented release cadence and monitoring setup, reducing turnaround time for projects.
- Contributed to solutioning planned features and reviewed architecture for scalable systems.

### PhonePe, Bangalore — *Engineering Lead / Manager*

Payment Gateway & Insurance Aggregator Platform | SEPTEMBER 2022 - SEPTEMBER 2024

- Developed multiple automation frameworks and integrated CI/CD pipelines to streamline development processes.
- Created productivity tools for the team to enhance efficiency and collaboration.
- Managed performance reviews for teams to drive continuous improvement and growth.

### Myntra, Bangalore — *Technical Lead*

Fashion E-Commerce Platform (Flipkart-Walmart Group) | NOVEMBER 2019 - SEPTEMBER 2022

- Led development and optimization of automation frameworks for large scale enterprise systems.
- Managed cross-functional teams to deliver high-performance and reliable solutions.
- Improved system performance through bug resolution and end-to-end testing.

## SKILLS

### Programming Languages:

JavaScript | Node JS | Python | Java | Next JS | Go

### Frameworks & Tools:

Express JS | React JS | Next JS | SpringBoot | Dropwizard | Hibernate | Flask | Pandas | NumPy | TensorFlow | Matplotlib | Seaborn | BotPress

### Database Technologies:

SQL | PostgreSQL | MongoDB | Aerospike | Redis | ElasticSearch

### DevOps & Cloud Tech:

AWS | Azure | GCP | Docker | Kubernetes | CI/CD | Apache | Kafka

### Automation Stack:

Playwright | Rest Assured | Karate | Puppeteer | Robot | UIAutomator | Espresso | TestNG | BDD/TDD | Locust | K6

## Citrix R&D, Bangalore — Sr. Software Engineer

Enterprise Mobility Management Platform | APRIL 2016 - OCTOBER 2019

- Spearheaded efforts to increase test coverage for code robustness, covering edge cases and ensuring high-quality software releases.
- Actively engaged in bug fixing and performance enhancement, significantly improving application functionality and user experience.
- Pioneered the development and streamlining of the Automation pipeline, enhancing the efficiency & effectiveness of the development lifecycle from scratch.

## UrbanPro, Bangalore — Software Developer

Home Services Marketplace | JUNE 2015 - APRIL 2016

- Developed new user interfaces to enhance user experience and engagement.
- Streamlined mobile application development process through robust APIs.
- Collaborated with design teams to craft clean, user-friendly interfaces..

## DRIVING ENGINEERING EXCELLENCE

- Spearheaded high-performing engineering teams across global locations and diverse disciplines, cultivating a collaborative environment that prioritized continuous learning and technical mastery.
- Revolutionized release processes through streamlined workflows, achieving a 30% reduction in release cycle time. Championed Agile methodologies, overseeing CI/CD pipelines and cloud deployments for enhanced efficiency.
- Engineered and optimized cutting-edge automation frameworks within large-scale enterprise systems. Pioneered automation pipeline development, significantly streamlining the development lifecycle.
- Re-architected critical application components to enhance configurability, resulting in a 20% boost in application responsiveness.
- Led strategic initiatives to elevate system performance, implementing rigorous end-to-end testing and expanding test coverage. This significantly enhanced code robustness, reliability, and overall software release quality.

## STRENGTHS

Leadership & Mentorship

Strategic Vision

Agile and SCRUM Mastery

Product Development

Process Optimization

Project Engineering &  
Management

Problem Solving

Strategic Planning & Execution
